

SERVICE LETTER

LIST OF DOCUMENTATION FOR ROTAX® 2-STROKE AIRCRAFT ENGINES AND ALL VERSIONS OF ENGINE TYPE 912/914

SL-912-003

SL-914-003

SL-2ST-003

Repeating symbols:

Please, pay attention to the following symbols throughout the Service Bulletin emphasizing particular information.

- ▲ **WARNING:** Identifies an instruction, which if not followed, may cause serious injury or even death.
- **ATTENTION:** Denotes an instruction which if not followed, may severely damage the engine or could lead to suspension of warranty.
- ◆ **NOTE:** Information useful for better handling.

1) Planning information

1.1) Engines affected

All versions of the engine type:

- | | |
|-----------------------------------------|---------------------|
| all 2-stroke UL aircraft engines | (Series/pre-series) |
| all 2-stroke certified aircraft engines | (Series/pre-series) |
| 912 | (Series/pre-series) |
| 914 | (Series/pre-series) |

1.2) Concurrent ASB/SB/SI und SL

none

1.3) Reason

- || List of valid documentation according to JAR 21.61 "Instruction for continued airworthiness"

1.4) Subject

List of documentation for ROTAX® 2-stroke aircraft engines and for all versions of ROTAX® engine type 912/914.

1.5) Compliance

RECOMMENDED

For technical reasons we strongly advise to update the documentation to the latest revision in accordance with the enclosed list in the Appendix 4.

1.6) Approval

not required

2) Material Information

none

3) Accomplishment / Instructions

Incorporation / replacement of the respective documentation.

4) Appendix

|| In the following tables (list of current documentation, Issue 2000.07.04, page 1 - 19) all the effective documentation is listed in English for all the engine types as stated in the section 1.1) Engines affected.

◆ NOTE: Because of the multitude of documentation a continual updating of the tables is not planned. Updating will be effected with each new issue or revision but at least twice a year.

|| The current documentation and tables are available from any authorized ROTAX[®] distributor or at the ROTAX[®] AIRCRAFT ENGINES Homepage

www.rotax-aircraft-engines.com.

▲ WARNING: Non-compliance with these recommendations could result in engine damage, personal injury or death!

Approval of translation to best knowledge and judgement - in any case the original text in German language and the metric units (SI-system) are authoritative.
